PANOLA COUNTY COURTHOUSE
CARTHAGE, TEXAS 75633

July 30, 2009

Gentlemen:

I would like to present my proposed budget for FY2010.

As we are all aware the global economy has been in a recession a year to a year and a half. Although the recession did not affect Panola County in the beginning eventually it did result in much lower appraised values for 2009. The certified values were not as drastically reduced as previously estimated, but still the assessed values were approximately 6% lower than the previous year.

Panola County has a history of trying to manage its resources conservatively and this year is no exception. However, with the reductions in values along with some necessary increases makes this budget preparation more challenging. In addition lower interest rates for county funds results in lower interest earnings that are utilized to help fund the budget.

Health care costs continue to rise and along with it increases in health insurance premiums. Panola County is a member of an insurance pool that has done well, but still will increase our health insurance premiums approximately 10% in 2010.

We are fortunate that the new detention center was over 70% paid for when it opened. However, the budget still needs to reflect the funding of additional personnel for the detention center. The debt service for the new detention center is included in the proposed tax rate of .3632. The last debt payment will be in May, 2011 and this portion of future tax rates will be eliminated.

This proposed budget also reflects the replacement of the current computer software that has been used by Panola County offices since 1992. As we all know technology changes swiftly and the current system is not only outdated, but soon will have little tech support from our vendor.

Over the last several years, Panola County has been able to keep its tax rates low without adopting a county sales tax, additional automobile license fees, and other fund raising methods allowed by the state of Texas for budgetary purposes. The proposed tax rate for FY2010 will still be lower than the rate adopted in 2003 and 2004, and still not use these various revenue producing methods.

This budget is based on our discussions during our Budget Workshop and the certified values submitted by the Appraisal District. I believe the budget reflects the historically conservative policies of Panola County while still allowing the county to remain in a sound financial position to adequately meet the needs of its citizens. I believe the adoption of this budget will reflect the ideals of Panola County and urge that it be adopted without change.

Sincerely,

A handwritten signature in cursive script that reads "David L. Anderson".
